Wading Boot Size Chart

To allow proper room for the neoprene stocking foot, find your regular shoe size in the right-hand columns and order the corresponding Simms Boot in the first column. We have found that people successfully size their wading boots between their street shoe size and 1 full size larger (for men). **If you are a half size, then you should size up to the next full size.** Women should size down (ie: a women's USA size 8 would take a men's boot size 7).

U.S. Wading Boot Size	USA Size	Euro Size	UK Size	CM Sizes
